In-Class Project ~ Life in the Thirteen Colonies

Step 1: What I Already Know

➤ Your colony:

To begin our project, let's find out what you already know. Use the chart below to enter notes about your particular colony. Look quickly through pages 65-108 and 112-126 in the textbook to find relevant facts. Only a few of these pages might be about your colony. Type the information in the empty boxes next to each topic. When you are finished, you will see which areas need more attention once you begin your research.
